## Product description:

The glass canopy stands on 3 steel supports. Steel S355, painted black (RAL9005), Anthracite, (RAL7016) or Brown (RAL8017). Glass depth from the wall: 1150mm, length 2100-2500mm. This solution is convenient where it is impossible to attach a canopy tension rod above. The price is for a set: 3 steel supports and laminated safety glass 66.2esg

(13.52mm).
