## Product description:

Suspended console for glass roof, carbon steel S235, painted RAL, glass depth from the wall: 900-1050 mm. This solution is convenient to use in places where it is not possible (no space) to attach supports above the roof. The price is indicated per one console. For one small roof, 2-4 sets can be used depending on the length of the roof.

For custom colors, please contact us. The weight of one glass canopy is 7 kg.

Color	Width, mm	Grade
Black	900-1050	S355
Anthracite	900-1050	S355
Brown	900-1050	S355
